## THANK YOU FOR ALL YOUR SUPPORT

Here are just a few of the things you have helped Share the Warmth accomplish in the past few months and for which we are very grateful.

### SCOTIABANK RUN

Runners, walkers, donors and supporters raised over \$23,000 in the Scotiabank Charity Run on April 29<sup>th</sup> to benefit Share the Warmth Youth Programs. Thank you to everyone for your amazing contribution!

### SPOTLIGHT >>>

At the initiative of volunteer Marie-Pier Dumas, a McGill medical student, girls from the Tutoring program trained with medical student volunteers to prepare for the run. The students jointly presented their project at SHOUT 2013, an event that highlights and celebrates involvement of medical students in the local community, and won first Prize. Congratulations on winning and to all of the girls who ran the 5km!

### TABLE OF HOPE supporting School Food Program

Share the Warmth feeds 2,200 hungry children in over 20 schools all year. It takes the support of everyone in the community to make it happen and that is just what we received at the TABLE of HOPE event.

This amazing event, held on May 27<sup>th</sup>, welcomed over 1,000 guests, 45 restaurateurs, and a dozen celebrities and resulted in a wave of support for our School Food Program. THANK YOU EVERYONE!

### May 25th FOOD DRIVE

The Food Drive, organized to replenish empty Food Bank Shelves, took place on Nun's Island and was a great success. Given the 34% increase in requests for emergency food support over the past year, the 4,100 food items collected by 60 volunteers were a terrific help in feeding hungry members of the community the spring. Remember the Food Bank this summer!
