A WORD FROM STÉPHANIE AND STEVE

RESPONDING TO GROWING DEMAND WITH DETERMINATION AND INNOVATION

We are grateful to present the 2023-2024 Annual Report. Despite challenges, our commitment to food security and youth support remains strong. We aim to uphold high quality standards while ensuring equitable access to nutritious food, even as requests for food aid rise.

STÉPHANIE TAILLON
Executive Director

STEVE LEGLER
Chair of the Board

Share the Warmth is refocusing on food security services in the coming years to innovate and adapt our programs to new challenges.

We thank our dedicated team for their hard work and commitment, which are vital to our success. Our sincere appreciation also goes to our volunteers; your generosity is crucial in extending our positive community impact.

Thank you to our Board of Directors for your leadership and support, which guide our efforts and enhance our effectiveness.

Finally, we express our deepest gratitude to our donors. Your trust and generosity make our daily mission possible.

Together, we turn challenges into opportunities, striving for a future where everyone has access to healthy, balanced food.

MISSION, VISION AND VALUES

MISSION

At Share the Warmth, our mission is to wholeheartedly support our community through inclusive food programs for all and educational activities for children.

VISION

Contribute to building a vibrant and engaged community that lives up to its potential.

VALUES

EQUITY

OUR IMPACT IN NUMBERS

We extend our heartfelt gratitude for the support that made the 2023-2024 year possible. Your unwavering commitment and contributions have allowed us to make a significant impact on our community.

THANK YOU FOR BEING AN INVALUABLE PART OF OUR JOURNEY.

“I love the pride and confidence that my daughter displays when she comes home every Thursday.”

“Your food baskets are great. I look forward to each delivery and its well-needed contents. I value your support and appreciate your service.”

MEMBER RECEIVING FOOD BANK DELIVERY

FOOD BANK

Share the Warmth continues to provide high-quality emergency food assistance to individuals and families facing food insecurity in the Sud-Ouest and Verdun boroughs. Our food bank remains a warm and welcoming space, open twice weekly, where we take pride in offering fresh, healthy, and culturally appropriate food. Following a choice-based model, individuals are invited to select the food items that best meet their needs and the needs of their families.

68%

of members are from Pointe-Saint-Charles and Verdun

43%

of users are single persons

29%

of the people we serve are under 18

INFLATION AND THE SIGNIFICANT RISE IN DEMAND

This year, Share the Warmth served 3,272 individuals, an increase of 27% over last year. This high demand confronts us with several financial and logistical challenges, including long waiting times at the food bank and the ever-increasing cost of goods. Fortunately, our service relies on a stable team of volunteers to provide service to our members.

REACHING MEMBERS WITH REDUCED MOBILITY

Every week, the food bank delivers food baskets to people in Pointe-Saint-Charles with reduced mobility. This year, we accomplished 832 deliveries for 80 different households.

COMMUNITY SOLIDARITY

In collaboration with other community groups working on food security in Pointe-Saint-Charles, Share the Warmth participates to a Solidarity Voucher project. This year, our food bank distributed 1,000 vouchers worth \$20 each. These can be used at our fruit and vegetable market, at the *Détour* grocery store, at the *Club populaire des consommateurs* solidarity grocery store or for meals at St-Columba House. These solidarity vouchers enable our members to supplement the food support they receive at Share the Warmth and to choose the foodstuffs they wish to purchase themselves. This project also enables residents to discover the various food resources in Pointe-Saint-Charles.

FRUIT AND VEGETABLE MARKET

Our market aims to make fruit and vegetables more accessible to everyone in our neighborhood, based on a solidarity pricing model. This approach enables those who can afford it to support our market and fosters a sense of community and mutual aid. In this way, a variety of fresh fruit and vegetables is offered to all at affordable prices.

“The money I save here allows me to use it for the other things I need.”

A MARKET CLIENT

2/3
of customers say the market saves them money

165
opening hours year long, every Monday from 3pm to 6pm

MARKET SPECIAL EDITION AT THE TASTY FAIR

On September 23rd 2023, a mini version of our fruit and vegetable market was held at The Tasty Fair, a festive event bringing together the various organizations working in food security in the neighborhood.

COMMUNITY LUNCHES

We host community lunches twice a week in the Wellington Hall, our main dining room, where we offer hearty, nutritious meals accompanied by dessert and drinks. Guests are served at the table in a welcoming, restaurant-style atmosphere. These lunches, open to all, are held before our food bank, to make the wait more comfortable. It's the perfect opportunity to get to know your neighbor while enjoying a tasty meal.

The cost of the dinner is determined by the guests' ability to pay.

2/3
of guests, this year, paid between \$0.50 and \$1.00 for their meal

“We eat great meals; I appreciate everything you do to help us.”

COMMUNITY LUNCH PARTICIPANT

SHARE THE WARMTH

SO WE CAN ALL LEARN AND GROW

In a secure and nurturing environment, our youth programs aim to cultivate the development and success of our youth.

YOUTH PROGRAMS

MUSIC PROGRAMS

Our music projects celebrate the benefits of group music as a driving force for the development of social-emotional skills. Students in the intensive program can take music lessons up to four times a week. They choose an orchestral instrument from among the following: violin, viola, cello, flute or clarinet. Small-group instrument practice, music theory, orchestra practice and choir are all on the schedule.

MUSIC CLASSES FOR ADULTS

With the aim of democratizing access to music from a global health perspective, community music classes (flute and clarinet) were available for adults in the neighborhood. This year's classes were a diverse mix: participants aged 19 to 75, from a variety of social and economic backgrounds, some retired, a member, an employee and a parent!

12 adults received 360 hours of instruction and delivered an end-of-year concert in front of 40 spectators at *Cité des Bâtitseurs*, a local seniors' residence.

SHARE THE WARMTH

100

young participants, aged 7 to 17, enrolled in the intensive program

50%

were new students

26%

of participants benefited from the program free of charge (family income below the poverty line)

STUDIO LAB

Studio Lab enables young participants to explore the creation and recording of music. Four groups of children were introduced to hip hop creation in the studio, and explored: text creation, choice of soundscape, recording, poetic rhythm and sound and stage performance. The entire creative process was carried out as a group and was an excellent incubator of ideas as well as a good place to practice our values of social inclusion. During the creative process, it is necessary to collaborate: to voice one's ideas while listening to and accepting the ideas of others.

A group whose main language is English was encouraged to create in French. Although their first creations were instrumental (without lyrics), the next ones were in French, as their confidence grew. They even performed on stage at *Festipointe* and the end-of-year concert!

SINCE MY CHILD JOINED THE MUSIC PROGRAM...

“He sings and talks about the pieces he learns every day! He’s developing his independence, especially by taking care of his instrument. He’s proud and happy to be part of a group, to know how to read a score, to recognize his instrument when listening to music.”

“She wants to become a professional cellist. She has developed a sense of belonging and a musical culture. Her progress on the instrument has boosted her self-confidence.”

INSPIRING PARTNERS

- **CHŒUR DES ENFANTS (CEM)**: The Children’s Choir offers choir lessons for young people in the intensive program. The partnership enables our young people to enjoy a high-quality choral experience and become part of an even larger musical community. Our participants sing alongside the choristers of CEM-NDG (Chœur des enfants de Notre-Dame-de-Grâce) and join 150 choristers in concerts at Oscar Peterson Hall and the Maison Symphonique!
- **AGORA**: Central to the success of the intensive program, the musicians of the Agora orchestra were involved in teaching master classes to our students. Two concerts open to the community were also presented. This year, our music students were lucky enough to attend the Gala de la Terre, a grand symphonic concert given by the Agora orchestra at the Maison Symphonique.
- **CALLINOS TRIO**: The Callinos trio, formed by three young professional musicians (including our flute teacher Edyelwys Silva), generously offered two concerts during the year. Their performances were greatly appreciated by the students for their musical qualities and the broad spectrum of music they presented. Many thanks to Edyelwys Silva, Jeanne Frenette and Thomas Chartré!
- **FATHER LINDSAY FOUNDATION**: Ten of our young musicians received scholarships to attend a music camp. They distinguished themselves through their adaptability, personalities and interest in music.

SPECIALIZED TUTORING PROGRAM

Our free tutoring service offers adapted and accessible tutoring for children with learning difficulties. By working in small groups and providing quality support, our program helps maintain motivation and develop autonomy to foster educational success.

Our tutors travel to all three elementary schools in Pointe-Saint-Charles and hold sessions onsite. By doing this, we help students associate their learning environment with fun and a sense of achievement. Each participant is referred to us directly by their teacher, enabling us to reach the children who need it most.

“Thank you to the team for their dedication and hard work! This project is very beneficial for the children, but also for the parents.”

A PARENT

FOCUS ON READING

This year, in partnership with the school teams, our tutors chose reading as the focus. A total of 37 kids aged 6 to 10 benefited from an average of 3 hours of tutoring per week. The sessions were divided into three parts:

- **Snack and discussion** between students and tutoring team members
- **Reading to students** or **self-paced reading time**
- **Games and enrichment activities** to integrate the day's learning

At the English school, we focused more specifically on developing oral expression skills in French by planning learning sessions to enrich vocabulary and encourage conversation.

“We don't speak French at home. Tutoring has helped my daughter improve her speaking and writing skills.”

A PARENT

BOÎTE À LUNCH PROGRAM

The *Boîte à Lunch* program is an after-school cooking course for children in grades 4 and 5. Through hands-on activities in the kitchen, apprentice chefs have the chance to hone their skills and develop new ones. What's more, by discovering new foods, they enrich their knowledge of healthy eating. Our passionate animators guide the learning process and encourage children to experiment in the kitchen. Our program fosters self-confidence and enables young cooks to learn from their mistakes, encouraging creativity and freedom. Each child goes home with a well-balanced meal for lunch the next day. The extraordinary interest in our program demonstrates our community's enthusiasm for learning to cook.

“Thank you for your efforts for our children! My son never wants to miss a single activity and is proud to share... what he’s learned... and where the food comes from.”

A PARENT

96%

of participants rated their experience 5/5 in a feedback activity at the end of the session

84

children participated in two 10-week sessions

.....
Participating families originate from 29 different countries

A SPACE FOR CONNECTION

During the teachers' strike, the experience of the *Boîte à Lunch* program has been particularly valuable for students this year. Our activities provide a space for learning, connecting and having fun.

FUNDRAISING

Thanks to the generosity of our donors, our two annual campaigns, Share the Holiday Spirit and Share the Hope of our Young People, **raised close to \$300,000!**

CHUCK HUGHES & JASON ROCKMAN

As part of our Share the Holiday Spirit campaign, Chuck Hughes and Jason Rockman **raised close to \$4,000**. A draw was held among donors recruited to contribute to their campaign. The grand prize was a chance to cook with Chuck and Jason at a sugar shack-themed community lunch. The winners, like the members invited to share the meal, were very happy!

We thank them for their ongoing commitment to our cause.

DONOR RECOGNITION EVENT

On April 17, we had the opportunity to thank our valued donors at a short awards ceremony, during which a silent auction **raised \$18,000**. Thank you all for your participation and donations.

We are deeply grateful to all those who volunteer their time, make financial donations or provide non-perishable foodstuffs. **Your contribution is essential to our mission.**

SHARE THE WARMTH

OUR INCREDIBLE VOLUNTEERS

Share the Warmth's services are deeply linked to the dedication of its volunteers. We extend our heartfelt thanks to these exceptional people, who are vectors of positive change in their communities. Their commitment is a ray of sunshine that lights up everyone's day!

WHAT INSPIRES OUR VOLUNTEERS TO GET INVOLVED WITH US?

"I love being involved as a kitchen helper! When we serve a meal, no matter what their personal situation, everyone comes to eat with the biggest smile on their face!"

JUDY

"I volunteer my time when I'm unemployed, and I really like the people here, and their sense of humor! I love the dynamics and the relationships with the members. It's a lot of fun to spend time here. I also like the kids who come here. In short, a great place to spend time."

TASH

"My daughter volunteered here during her school years. It's a great organization! The outreach and services you provide are extraordinary. I have a lot of admiration for the dedicated team and volunteers!"

MARIE

HOPE FOR ALL

Guided by the principles of **equity, diversity, inclusion and accessibility**, our aim is to meet the emerging needs of our members and our community by reducing the impact of barriers to access to our services. We are committed to an innovative approach to making our programs more accessible and inclusive. In short, the *Hope for All* project aims to equip us to serve more people from different social, economic and cultural backgrounds, or better adapt our services to them.

“There’s a great deal of cultural diversity here. It would be interesting to know whether people are open to sharing it with others.”

A MEMBER

Employment rate

The rising cost of living is forcing employed people to seek our services.

39%

of all respondents are employed, of whom 58 are full-time and 30 part-time

OUR APPROACH

- **Analyze the processes** of access and inclusion in our programs
- **Draw up** a socio-demographic portrait of the population of Pointe Saint-Charles and our members
- **Consult members** through a survey on equity, diversity and inclusion (EDI)
- **Equip, train, analyze results**, and implement strategies to adapt services and access to them
- **Ongoing training for employees**, volunteers and board members

OUR DIVERSITY IN NUMBERS

A survey has been carried out to paint a portrait of our Share the Warmth members. Here are some of the results.

Immigration

Nearly half of the people surveyed were born in Canada (116 people) and the other half were born outside the country (112 people).

Mother tongue

- **French**: 101 people (44% of responses)
- **English**: 40 people (17% of responses)
- **Allophones**: 87 people (38% of responses)

171

people (76% of people surveyed speak a second and/or third language)

STATEMENT OF FINANCIAL POSITION

This table shows the comparative financial results for 2023 and 2024. Despite inflation, which continues to have a major impact on food security program and salary costs, the realignment of activities following the strategic reflection exercise which began in 2023, enabled tight cost control, helping to generate a surplus for the fiscal year, following 2 consecutive years of deficit. For the third year in a row, the organization continued to see an increase in requests for food security programs, reflecting growing needs.

Thanks to the drive and fundraising efforts of our team and the generosity of our donors, the total amount of corporate, individual and foundation donations and various government programs is on the rise, enabling us to pursue our mission and lay the groundwork for the various projects and challenges of the coming year, including the necessary reorganization of the food bank space in response to the new realities and growing demands of food security.
